THE CHILIAN WAR.

ONCE MORE A DESPERATE NAVAL ENCOUNTER.

A Repetition of an Old-Time Fight—Admiral Grau Killed—The Capture of the Huascar.

PANAMA, Oct. 25.—Further information of the cruise of the Huascar and Union south and of their meeting with two divisions of Chilian navy is derived from official report of Captain Aurelio Garciay, commander of the Union. The two vessels called at Atquique then stood stood south, arriving off Sarco Chilian port on the 5th instant, where they captured the Chilian schooner Coquimbo. On the morning of the 5th entered the harbor of Torquey when they learned an attempt was to be made to land a strong Chilian force at Iquisque or some other point on the coast of Peru when Admiral Grau determined to return to Africa. Proceeding north the Peruvian steamer on the 8th sighted the first division of the Chilian fleet which was looking for them.

The Huascar and Union at once put about and made off as fast as possible to the southwest. They had drawn well away from land. The Chilian fleet followed them, when Grau resolved to steer north and endeavor to run between the Chilian fleet and the shore. In this maneuver he succeeded, and swept by the enemy's first division without firing a gun. The superior speed of the Peruvian ships was manifest as they rapidly steamed away from their enemies, the Blanco and Encalda and three wooden steamers. They thought escape certain, when suddenly they sighted the second Chilian division, composed of the Almirante Cochrane and several smaller vessels, coming down upon them. In a few minutes Grau saw that he could not escape from this iron clad whose speed was equal to his own. He accordingly steered for the shoal water where, on account of his lightness of draft, he might lead his huge enemies on the rocks or be able to outmaneuver them. The Union here deserted her consort and escaped to the westward, closely followed by several smaller vessels of the enemy, but these could not come up with her, and she proceeded north to Arica without having fired a single shot during the disastrous fight. The fight was begun by the Huascar discharging her two three hundred pounders at close range at the Almirante Cochrane, which Grau followed up by an att mpt to ram his antagonist. This was unsuccessful, however, as the Chilian iron clads are double screws and can present any front they choose to an attack by ramming.

As the Huascar swept by at such close range she received a broadside from the Cochrane and before she had proceeded far the other battery was poured into her. At the same time the other Chilian iron clad came down upon her and Grau, undismayed by odds against him, boldly placed himself between two ships, which were thus prevented from firing so rapidly on account of the danger of hitting each other. This no doubt prolonged the battle, which it is said lasted two hours before the Peruvian flag was hauled down. For about an hour the officers of the Union were able to observe the deadly combat and speak favorably of the manner in which all three iron clads were handled.

whether Huascar was taken by boarding or that after the death of Grau, which had occurred early in action and wounding one of the executive officers and several of the subordinate officers remaining unhurt, only four in number, hauled down the flag. The Huascar lost large number of officers and men—a circumstance which was afterward reported at Iquique by the Chilian vessels Higgins and Loa Hull. The Huascar is said to have been riddled. Her engines was damaged so that she was afterwards towed to Autofagasta Turret was jammed so that it would not revolve and everything swept from her decks by a terrible fire from the iron clads. It is sad indeed the turret is rendered completely useless. The Chilian iron clads which went first into action fired her broadsides very rapidly as with her twin screws, she was able to present to her adversary in a few minutes any battery she wished to use. The Huascar's guns were well served.

The damage done to the Chilian iron clads is inconsiderable. The Almirante Cochrane, which sustained the burnt of the battle was somewhat damaged, but the Blanco Encolado escaped almost entirely. The unequal character of the fight may be understood when it is known that the Huascar had but two three hundred pounders to oppose twelve of the same calibre and her armor was four and half a inches as against nine inches, which the iron clads carry. Subscriptions have already been opened in Lima for the purchase of an iron clad to be called Almirante Grau. The men have given their watches and even their sleeve links. Women have thrown it to the fund their diamonds and silver plate. The archbishop of Lima heads the subscription with £2,000. Nearly 200,000 reals have already been collected, although the list was only placed before the public yesterday. In spite of the feeling of sadness at the loss of Grau and the Huascar, enthusiasm runs high, and no thought of submission or conciliation crosses the mind of the people, whose determination to wage war until victory is obtained or all are lost is as fixed as when hostilities first commenced. The ministry, in order to give the President an opportunity to choose new advisors, resigned *en masse*, but their resignations were not accepted.

A report comes from Lima that Mrs. Grau, wife of the heroic Admiral, on receipt of the intelligence of his death was so seriously affected that she died shortly afterward.

Mine Explosions.

SCRANTON, Pa., Nov. 2.—A tremendous explosion of fire damp occurred in the Delaware and Hudson mine, Mill Creek, Pennsylvania, at half past nine o'clock this morning. At 12 o'clock George Fassie, Daniel Rupert and J. Kenney were taken out dead. Two men yet remain in the mine. A large force is working to get them out.

To be Hanged.

PETERSBURG, Va., Nov. 2.—At the county court of Sussex county yesterday, the jury in the case of Frank Baker, colored, who about two months since murdered in the most atrocious manner, Agnes Shands and child, colored, brought in a verdict of murder in the first degree. Mary Baker, mother of Frank Baker, charged with being accessory to the same murder is now being tried.

Church Dedication.

BALTIMORE, Md., Nov. 2.—Price's Memorial Christian Church, just completed in the northwestern section of this city, was dedicated to-day. The dedicatory mass was celebrated by Rev. Father Lyman, and the dedication was by Archbishop Gibbons. Bishop Gross, of Savannah, preached. A large number of clergymen were present. The building is constructed of blue stone, and is one of the handsomest church edifices of the city.

DEATH IN THE MINE.

Five Men Killed by an Explosion of Gas.

SCRANTON, Pa., Nov. 2.—At 6 o'clock this morning John E. Cook, the mine boss in charge of the Mill Creek colliery of the Delaware & Hudson Canal Company at Mill Creek, fifteen miles from this city, entered the mine and found one of the pillars of coal, which are always left to support the roof in mines, giving way. He sent for a force of men to prop up the crumbling pillar, and at 10 o'clock George Fercey, Daniel R pp, William Kenney, Zach Thomas and D. Jenkins entered the mine. At 11 o'clock an explosion was heard by people in the vicinity of the mouth of the mine. The news that an accident had occurred in the mine spread like wildfire, and soon a large and excited crowd had gathered at the colliery. As soon as it was deemed safe, mine boss Cook, with two companions, descended the mine. Proceeding to No. 8 lift, they came across the charred bodies of Zach Thomas and D. Jenkins.

Further on, in No. 9 lift, they found the remains of Forcey, Kenney and Rupp. The bodies of the latter three were fearfully mangled and partly covered by a mass of splinters, timbers and broken coal. Forcey's leg was blown off and Kenney's head smashed. The men were all dead when found. The clothing was burned almost entirely off the bodies of Jenkins and Thomas. The bodies were hoisted to the surface amidst the weeping and lamentations of the friends and relatives of the unfortunate miners, the remains of Rupp, Forcey and Kenney first being brought out and afterward those of Thomas and Jenkins. As the five men who first entered the mine were all killed, it could not be definitely ascertained how the catastrophe occurred. It is thought, however, that the flame from one of the miner's lamps came in contact with some gas and caused the explosion. Everything was in good condition when Mine Boss Cook visited the mine this morning. Three of the men leave large families; one of them a wife. Jenkins was a widower.

A Young Virginian Shot.

PETERSBURG, Va., Nov. 2.—At a late hour last night a difficulty occurred in McIlmore & Cuykendall's bowling saloon between George Hinton and James M. Young, two young men of this city, and resulted in the death of Hinton. Hinton was playing a game of tenpins, when Young entered the saloon and made some insulting remarks about him, at the same time drawing a pistol and shooting Hinton as he was in the act of advancing toward him. Young was arrested and was lodged in jail to await examination before Mayor Cameron to-morrow. Hinton is a brother of ex-Senator William E Hinton and Captain Drury A. Hinton the commonwealth's attorney in this city. Young is about twenty-two years of age and the son of Mr. J F. Young, a well-known citizen of this place. The two young men were bosom friends until recently.

Afghanistan News.

LONDON, Nov. 2.—A Cabul dispatch reports that eight lacs of treasure have been unearthed, chiefly gold coin, all confiscated for the present.

Eleven prisoners have been executed for participating in the massacre of the British Embassy, and sixty persons examined since the trials began.

It is expected that the Afghan monarchy will not be reconstructed but be broken up into several provinces. The innocence of the Ameer is still far from being clear.

The epidemic of typhoid and measles at Cape Clear continues to extend. One hundred cases reported Saturday.

A sailor landed at Andierne reports that on Thursday the schooner Marie Therese of Vanness, from Santander for New York, struck on a rock near Hoveret and sank. The master, wife, child and five men were drowned.

From General Merritt's Command.

RAWLINS, Wy., Nov. 2.—A courier came in from the front last night with dispatches and mail. All is quiet at Merritt's camp. On the 29th an Indian came into Merritt's camp to have a peace talk. He was informed that Merritt had no authority to make peace. He then gravely told the General if he would give up his arms, ammunition, horses and mules he would be allowed to leave with his men. After the Indian left the camp numerous signal fires were observed in the neighborhood of the camp. Two companies of infantry will be stationed at Snake river to protect the stores and furnish escorts for wagon trains with supplies for Merritt.

Bold Attempt at Mail Robbery.

BANGOR, Me,, Nov. 2.—A desperate attempt was made to rob the United States mail between Sargentville and North Penobscot, a few days ago. A man stopped the stage in the woods and demanded the driver, Freeman Grindle, to give up the mail bag, and he refusing to do so, the robber fired at him, the bullet passing through his hat. The driver returned the fire, which frightened the horses so that they broke away, leaving his assailant standing in the road.

Once More the Pistol.

NEW YORK, Nov. 2.—A special dispatch says that a political affray occurred last night about eight o'clock in a drinking saloon in Petersburg, Va., between James M. Young, debt payer, and George Hinton, readjuster. Hinton is said to have struck Young with a pistol, whereupon Young drew his pistol and fired, shooting Hinton through the heart; he expired almost instantly. Young was arrested and is now in jail.

The Inquest.

CHICAGO, Nov. 2.—The coroner's jury held an inquest upon the body of Zachariah Chandler last night, and found that his death took place between midnight and 7 o'clock, A. M., and was probably the result of cerberal hemorrhage. The friends and relations of the deceased objected to a thorough *post mortem* examination.

Another Switch Accident.

WILMINGTON, Del., Nov. 2.—Late last night the shifting engine on the Philadelphia, Wilmington & Baltimore Railroad ran into the front car just south of this city. John Gallagher, the engineer, and two others were horribly mangled and died early this morning.

More Failures.

NEW YORK, Nov. 3.—Isadore & Hein, fur dealers of Green street, have made an assignment. Their liabilities are said to be heavy.

CHICAGO, Nov. 3.—It is stated that Stettour Brothers, dry goods, 234 Madison street, failed for $1,000,000.

Our readers will not be so very foolish they will allow themselves to be deceived with a new cough syrup when they have experienced the value of Dr. Bull's Cough Syrup for many years.

DAILY NEWS

TUESDAY, NOVEMBER 4, 1879.

GEO. C. JORDAN, Editor and Prop'r.

OWING to the publication of the premium list a large quantity of interesting matter is crowded out.

POSTMASTERS are a cruel set. A young Georgia lady, a short time since, sent through the mail to a gentleman of Washington a box of flowers. Unfortunately she had put in the box a slip of paper with the simple legend, "with love," written thereon. The postmaster found out about the writing and the young man had to pay letter postage to the amount of sixty cents on the package—thirty cents apiece for two simple words.—*Savannah News.*

And many another young gentleman has paid more than that for postage. The simple word "yes!" cost more than sixty cents ordinarily.

TO-DAY comes off the New York election. Whether for weal or wo for the Democratic party we cannot say. If Governor Robinson is elected Samuel J. Tilden can go before the National Democratic Convention and claim his nomination. If he gets it he will be supported by the South as well as the North, There are many people who think he was cheated out of the election—and although they may think that some one else would serve as well, old ties, old affiliations will all work favorably for him. If he is defeated, the party will have to take up a new man, and no man will suit the party better than Thomas F. Bayard, of Delaware.

A REPETITION.

In August of 1813 Commodore Porter, father of Admiral Porter, anchored his vessel, the United States frigate Essex, after a most successful cruise, in the harbor of Valparaiso, Chili. He had made a most successful effort. He had crippled British commerce. The English whaling fleet was destroyed. The Essex was pierced for a fifty-two gun ship, but she carried really forty-four—eighteen and twenty-four pounders.

In this later day a new naval battle takes place on the same coast. Mark the difference!

Our dispatches in relation to the loss of the Peruvian iron-clad Huascar are extremely unsatisfactory. They are really nothing more or less than a bid for the advancement of Chilian bonds. Whether or no the report will advance the market is beyond our ken.

This story must be taken with much allowance. There is no definite statement made as yet about the loss of the Huascar. The only thing that would give a tinge of truth is the reported killing of Admiral Grau. It seems almost impossible to believe that the vessel that could successfully compete with the two English iron-clads, the Shah and the Persia, should succumb to a fleet of wooden vessels. There is something weak about this.

Here is a vessel built in accordance with the latest rules of naval architecture; on the same principle almost evolved by Captain Buchanan, when he sided the old Merrimac with railroad iron—sloping sides and sloping decks, the same thing that characterizes the new vessel built for the Russian navy; and to be whipped by "wooden walls," America's boast. Are we going back to 1812 to find models for our men-of-war? If not models, the material?

The Essex fought the Phœbe and Cherub half a day in neutral waters; crippled and raked, with her springs shot away, she made a gallant fight, and almost sinking, with her hull filled with wounded seamen, she only surrendered to superior force.

The Huascar, as we glean from the report, could never have taken shallow water. She must have undertaken to give broadside fires by running in between the heavy vessels of the opposing fleet. If she was captured by boarding, up goes the theory of armored vessels. They, consequently, are worthless.

Sooner or later, America's "wooden walls" will be considered the true type of men-of-war of all nations.

CALM AND THOUGHTFUL SPEECH TO YOUNG DEMOCRATS.

Why he Believes the Democratic Party will Regain its Ascendency --What He Says of Bolting.

New York Sun,

UTICA, Oct. 31.—At 8 o'clock State Committeeman Grannis called the meeting to order, and ex-Mayor Miles Comstock was made Chairman. A moment later ex-Gov. Seymour, Senator Kernan, St. Clair McKelway, and others, came upon the stage, and were greeted by long-continued applause. When Chairman Comstock introduced Gov. Seymour, and the statesman, looking every inch the noblest Roman of them all, stepped forward, the great audience rose from the seats and gave three such rousing and vehement cheers as are rarely heard in political meetings. The Governor during the day had been in unusually poor health, but his appearance as he bowed before the cheering throng, was far from feeble. He began his remarks in the same strong, clear, magnetic voice which is so dear to Democratic memory the State over. Governor Seymonr spoke as follows:

"I do not come before you to speak at any length about political questions. I have foand it necessary during the past year to decline all invitations to make addresses, although many of them related to different topics about which I felt a deep interest. I have been forced to withdraw from any active part in public affairs. I violate the strict rule which I have laid down when I say a few words only to express my sympathy in your efforts to elect the State, county, and city tickets. At the urgent request of the Young Men's Democratic Club. I shall speak of our county and city tickets, and shall briefly allude to local affairs which concern my neighbors and friends. It is arranged that others will speak to you about State candidates, and who will urge upon you the duty of supporting the entire ticket, made up, with but one exception, of the present Governor and State officers. In the course of my long political experience I have seen and felt so much of the evils which men bring upon themselves by discords that I cannot refrain from warning you, to whom I am under so many and great obligations, against dissensions in your ranks Men are apt to think that the results of elections chiefly affect candidates for high offices. This is a great error. They fall upon the mass of the voters in a ten-fold greater degree than upon those who are called leading men, As a rule, these are advanced in life. In a little while they will pass away. while personal controversies among the young and active may live for many years to harm and embarrass them. It may be in the power of men to gratify some passing prejudice or interest by defeating those of their own political faith, but it never fails in the course of time that such things come back to harm and plague those who indulge in personal prejudices. New York is by right, by tradition, by interest, a Democratic State; this county, in its better days, upheld the principles of Jefferson and of Jackson. A majority of the citizens of Utica hold to the same faith. If the young and active members of our party will be true to themselves, they will recover that power which justly belongs to them. If they allow themselves to fall into divisions, they will destroy their own heritage, and when it is too late they will regret their folly. The men placed in nomination for State and local offices are entitled to your confidence and support. Our candidates for the places of Senator, Sheriff, and other county offices are good men and true.

In our own city Mr. Gotley and Mr. Bulger have always been faithful in their positions, and all should give them that support which each man will ask for himself in future when he may seek some position at the hands of his Democratic friends. I am now an old man, and so far withdrawn from active life that I do not think that I am governed in my views by mere partisan prejudices. I feel deeply my obligations to my political friends, and I hold my principles as sacred, because I believe them best fitted to promote the welfare of my country. Yet I respect the earnestness and sincerity of those to whom I am politically opposed.

"It is uncertain whether I shall ever again stand before an audience in Utica to speak about public affairs. I wish, therefore, in the light of a lifelong experience, to say that I believe parties are necessary for the preservation of our form of government, for the education of our people in political truths, and for liberalizing and enlarging their minds. We hear a great deal of cant about the corruptions in politics, There are no corruptions in public affairs which are not generated and nourished by other influences among the people as a people. All efforts, all zeal for a cause, if it is not an unworthy one, tend to lift men above mere personal objects, and by exertions for others, and by dwelling upon considerations outside of themselves, tend to make men better and more generous. We have selfish men in public life, but they were not made selfish in their positions, for influences there lead to dealings with general interests, that tend to liberalize men's purposes. There are corrupt men and bad men in parties, but they have been made corrupt and evil-minded in other relationships of life than those which grow out of their association with others in the promotion of a common cause. There are many ignorant men to be found in all political organizations, but they are not as ignorant as they would have been if there were no public discussions of matters which concern the general welfare. As a rule, those who clamor against the selfishness of parties are those who are too selfish to perform the duties of citizenship, those who shake their heads at corruption and are noted for their greed of gold gained by speculative schemes, and who mourn over the cost of carrying out their own corrupt measures. I have been an actor in public affairs during a period of great bitterness and excitement in the American people. I have felt more than most men the warmth and kindness of party support, and I have felt, too, the sharp and angry criticisms of opponents excited by passion and prejudice. I must in fairness say that those opponents most active and earnest in their zeal for their parties have been in the end more ready to do justice than the men who satisfy themselves that they are right, and all who differ from them are wantonly wrong, and who are too selfish to learn by the sharp conflict of parties that there are two sides to all questions, and that honest differences of opinion should always be respected in honest men. I am a believer in zeal, even in those who hold views in conflict with my own; for I never yet knew an earnest, active man, whatever his errors may be in the outset, who did not in the end become a useful, just, and liberal member of society.

"As I stand here at the request of the young men of the Democratic party in this city, to speak particularly of our county and city tickets, which are made up of those who are in the early stages of life, I wish to say to them, as one who has run most of his course, and who feels a deep interest in the welfare of those who are coming on the stage o. active exertions, that I exhort them always to keep in view their duties as citizens, to become intelligent in regard to all matters that concern the welfare of the American people, and to be earnest and active in upholding the side which they shall deem to be in the right. I do not wish to do injustice to our political opponents. I respect their convictions, but I belive that when American citizens shall study the principles which gave life to our Union and prosperity to our States, the Democratic party will regain its ascendency in all sections of our common country."

The Governor was listened to with the closest attention, broken only by cheers at his unequivocal indorsement of the whole State ticket.

A Twenty Million Job Coming.

New York Sun.

The next session of Congress will be rich in endeavors to drain money from the Treasury for private schemes thinly glazed with a coating of nationality. Among the jobs already revealed is one to get an appropriation of twenty millions of dollars to improve the bar of the Columbia river.

The immensity of the sum asked for is a seanty measure of the difficulty and enormousness of the work contemplated. The annual rise of the Columbia from the spring and summer melting of the snows in the Cascade, *Blue* and Rocky mountains, makes a mighty flood charged with trees, dirt and sand, whose tremendous sweep shifts the bars in the bottom of the river, and changes yearly the obstructions at its mouth. The conflict between the ocean and the river on its outer bar is the mightiest to be seen on the gfobe. The volume and force of the river current and the immensity of the roll of the Pacific that meets it, present a problem in engineering that has for half a century been deemed insoluble.

The twenty millions to be asked for would not make a visible impression on the difficulties. The contents of the national Treasury could be emptied into the mouth of the Columbia, and the only engineering result would be a useless removal of the bar a little further seaward. The financial result of the successive appropriations, practically without limit, and the enrichment of a ring of shelved and bankrupt Oregon politicians, who mean to repair their fortunes through this job. The depth of water over the Columbia bar as it is, has been sufficient to build up Portland, the second largest city on the Pacific cost, and to give ample outlet to England in first class ships for the wheat and flour of that region.

Watch the Columbia river bar job!

Hoke C. Secrest.

Concord People's Paper.

On our way to Raleigh recently we met our old friend, Sheriff Neal, of McDowell county. He was taking Hoke C. Secrest to the Insane Asylum. We took our seat near Secrest and watched him for a long time. We tried to look him in the eye—to get him to look at us—but could not. Various gentlemen tried time and again to do so and failed. We could only get a side view of him. He scrupulously avoids allowing any one to look him squarely in the face. He is without that "vacant stare" he is said to have, and has as clear an eye as any low, mean wretch has.

Our opinion is that Dr. Grissom will demonstrate the fact, before a great while, that Secrest is not insane.

General Hood's Picture.

Atlanta Constitution.

Hundreds of spectators at the fair were touched by the exhibition of the life-size portrait of General Hood just above a photograph of his orphaned children. The combination of the two pictures is enough to open the hearts of the whole Southern people. It has been well suggested that the portrait and picture of the orphans be sent to the various towns in the State to be exhibited for the purpose of raising contributions for the children who are entrusted to the South. Several of the railroads have already offered to transport the pictures free and also to request their agents at various stations to secure a good place to exhibit them and some responsible party to care for the contributions. The plan has been suggested by persons whose hearts are in this cause, and among them is the ex-Federal soldier who gave the beautiful frame in which General Hood's picture is encased.

Each of Warner's Safe Remedies—the Safe Kidney and Liver Cure, Safe Pills, Safe Nervine, and Safe Bitters, is asserted to be the best of its class, and the intention is to keep it so. If any medical expert can add an ingredient which will improve any one of them, he will be paid a high price for the improvement.

Every person who has used Dr. Price's Unique perfumes admire them. His Pet Rose is charming—the fragrance of sweet blossoms; his Evening Violet delicately delightful—the odor of dainty buds; while his Floral Riches surpass in rich, fresh flowery ordor any cologne or toilet water ever made.

VEGETINE

Behold Me a Well Woman.

CANCER.

MONTGOMERY, ALA., June 26, 1878.

H. R. STEVENS, BOSTON.

DEAR SIR:—I have for years been a sufferer from a dreadful CANCER in my side which caused me untold agony, and as I am a widow with a family depencent upon my exertions for a support, my pain of body was only equalled by my pain of mind, at seeing my children want for bread. I was presented by a kind friend in Cincinnati with half a dozen bottles of Vegetine, and although one bottle is still untouched, behold me a well woman, completely restored in body and mind, and able to perform my accustomed duties. Long may you live and may the history of my wonderful cure lead other like sufferers to purchase your valuable medicine, if it is with the last cent they possess.

Yours gratefully,
MRS. FULLER SUTT.

I write this to certify that I have known Mrs. Fuller Sutt from childhood, and have seen the hours of agony, that her patient womanhood has been called upon to endure. She has suffered untold agonies and now sits beside me in perfect health with her child upon her knee. The prayers of this grateful woman will ever be yours, my noble sir, and we add our testimony to the thousands that favor the greatest of all modern discoveries, "Vegetine."

Yours respectfully,
MRS. CHELLET SUMMER

SUFFERED 25 YEARS.

Piles, Rheumatism.

GOODMAN, MISS., May 6, 1878.

H. R. STEVENS, BOSTON:

I have been suffering for 25 years with the Piles and found but little relief from any medicine that I have taken for many years past. Last winter I suffered considerably worse than ever before, also in connection with Rheumatism. I was confined to my bed for several weeks. Having procured a bottle of Vegetine I took it with good effect. I continued the use, and after taking four or five bottles, find myself comparatively cured. I can cheerfully recommend it for the benefits that I have received from it.

Yours respectfully,
J. W. TAGGART.

LUNG DISEASE.

SELMA, ALA., May 12, 1872.

H. R STEVENS, BOSTON:

I take great pleasure in recommending your Vegetine. I have been suffering for a long time with the Lung Disease from every kind of medicine that I could get, but none seemed to do me any good, until I tried your great Vegetine remedy. I used it only a short time before I could discover a very great change in my health for the better. I don't consider that your medicine has its equal, for the diseases which you propose to cure, especially the disease that I have been afflicted with

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side, sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS. The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Cuticura

FROM THE HON. WM. TAYLOR, STATE SENATOR OF MASSACHUSETTS.

MESSRS. WEEKS & POTTER: Gentlemen,—To say that I am grateful, is only a poor expression of my feelings, but it is the best word I can use, for I feel it in every sense of the word. I have been a great sufferer with skin diseases for the last twelve (12) years. My head and face being covered with sores. I could not rest with the burning heat and itching of the parts affected, and was confined to my house for weeks at a time. My disease has been called Eczema, of a most aggravated type, by many physicians, but I doubt if ever fully understood by any of them. It was more like a combination of several skin humors. I have spent much money seeking a cure, and in 1877 I went to Europe, and consulted some of the best physicians in London. I received temporary relief only, for in the spring it would break out again as bad as ever. When I came back to Boston, I was told by many friends that Dr. ——— (whose reputation for the cure of those diseases was of the highest order) could cure me. I waited on the doctor; he prescribed for me. I followed his advice for six months, and I can safely say without any improvement. I tried other physicians and among them Dr. ———, of East Boston, and Dr. ———, of city proper, but all to no purpose. They did me no good; their remedies were so ineffectual that at no time did I feel that a cure would result from them.

I have swallowed five hundred arsenic pills, 5.20 grain, and taken bottle after bottle of internal remedies, besides all the external applications I have used, but the effect was the same. I became satisfied that I could not be cured, but might be kept from getting worse.

Now, about three months ago, Mr. Meehan, a gentleman well known to Boston people, called my attention to your CUTICURA, and promised wonderful results if I would only make a trial. He told me of his own experience with it, and so persevered on me that I went with him to a drug store and bought two large boxes of CUTICURA, and some CUTICURA SOAP, and commenced to use it according to the directions. There was so much humor lodged within the skin, that as soon as I commenced the use of CUTICURA it came to the surface and festered, until vast quantities had come out and greatly intensified my sufferings for about two weeks. But I did not mind this, as I felt that I was going to get rid of the humor when I saw it coming to the surface in such large quantities. After the first two or three weeks' use of this remedy, I was greatly encouraged by a gradual lessening of the inflammation of a number of painful sores. I carefully, faithfully, and cheerfully followed the directions to the letter, feeling each week nearer a cure, until at the present moment, after three months' use of CUTICURA, and twelve years of as constant suffering as was ever endured, I can say that I am cured, and pronounce my case the most remarkable on record. I have been so elated with my success that I have stopped men on the street who were afflicted, and told them to get the CUTICURA and it would cure them. This is why I am so grateful to you, for I believe it to be the best and greatest discovery of the age, and that it will cure all who are suffering with these diseases. I may add that I took no internal medicine but the CUTICURA RESOLVENT.

WILLIAM TAYLOR.

DAVIE.

ELBAVILLE, Oct. 31.—The weather is fair, dry and a little cooler. The farmers are putting in a good crop of wheat and gathering their corn in fine condition. The corn crop is not much damaged by the late freshet in the Yadkin and its tributaries, and is now selling at from thirty to thirty-five cents per bushel at the stores.

The trade in wheat and flour is brisker, and at better figures.

Dr. J. M. Howard has started a new distillery near Mocksville. John Bailey and L. A. Bailey have both resumed operations, while Lewis Hege is getting ready to start the 1st of November. These, with others already at work, it is thought will consume a large amount of the surplus grain produced in this county.

The Baptists are holding their protracted meeting at Fork church. They are having large congregations with a good degree of interest and several converts up to yesterday.

Some parties from the North, in the interest of the Baltimore & Ohio Railroad, were in this county this week, in consultation with Messrs. Bove and others, of the Salem & Mooresville Railroad. It is said that these parties are prospecting in view of extending the Virginia Midland Road from Danville up the Dan river and across the valley of the Yadkin to Charlotte, or some point further south, and it is proposed to make the Salem & Mooresville Road a part of this extension. If this is done, the Pennsylvania Central, which controls the Richmond & Danville Road, will have a formidable rival, with a line of road between her and the rich lands on the upper Dan and Yadkin rivers. When developed, this will be one of the finest countries in the world, and will produce an immense amount of freight for other markets.

ELLIS.

RANDOLPH.

TRINITY COLLEGE, Nov. 1.—Quite an event in Trinity College social circles was the marriage on Wednesday night last, of Mr. J. J. Partridge, of Jonesboro, N. C., to Miss Betty, the accomplished daughter of Captain and Mrs. W. P. Bradshaw, of Trinity College. The impressive ceremony was performed by Rev. Dr. Craven, and witnessed by quite a number of the friends of both parties. The happy pair left immediately after partaking of a bountiful repast for the home of the groom.

The Trinity College Agricultural Society held its second annual fair at this place on Friday and Saturday, October 24th and 25th. The display of farm products, agricultural implements, fine stock, and of all kinds of fancy work would have done credit to a much older organization. The society, under the efficient leadership of Dr. Parker, is doing much toward the development of the agricultural resources of this section.

The college is succeeding finely. There are over one hundred names on the roll, and additions are being made weekly.

Almost Young Again.

"My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over seventy years old. We think there is no other medicine fit to use in the family,"—A lady, in Providence, R. I.

LONDON, Nov. 4.—The old established Calcuta firm Calvin, Cowie & Co. of stopped payment.

Good Evidence.

When such men as the Rev. Dr. Rankin, Rev. Dr. Harvey, Prof Green, Dr. Bartine, Col John K. McChesney, E. W. Nell, and a host of others equally trustworthy, certify over their own signatures to the marvelous efficacy of Warner's Safe Kidney and Liver Cure, in the diseases for which it is recommended, it is time to dismiss doubts on the subject.

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained. *Boschee's German Syrup* has gained the largest sale in the world for the cure of Cough, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

Here Jimmy, run up to Jones, and get me ten cent package of Blackwell's Fragrant Durham Bull Smoking Tobacco. See here, I mean the genuine Durham, look for the Bull on it, and take no other. All right sir, I nose it, dey kant fool me.

VEST POCKET CURE 25 DYSPEPSIA 25 CLERGY & DOCTORS TESTE:

Rev. Dr. Mangum, Prof. Univ. of N. C. I concur with Bishop Doggett in his estimate of the Vest Pocket Cure.

Rev. Drs. Jeter, Broaddus, Dickinson, Hoge. It is indorsed by the direct personal testimony of men of national fame and strictness of speech. It is not too much to say that no medicine ever had such support in its favor as a specific. The word of any one of the eminent divines who underwrite this antidote to dyspepsia has deserved weight. Their united witness joined with the experimental use and approval of the preparation by well-known physicians, removes all doubt. It is beyond question, a wonderful therapeutical agent.—Editors Religious Herald, Va.

Chaplain Randolph Macon College, Va. Many cases of Dyspepsia within my knowledge have been cured by it. Cramps, Colics Headaches and all sorts of pains from indigestion yield promptly to it. The cures of this sort are innumerable.

Rev. R. L. Dabney, LL. D., Col. Va.
It is highly esteemed here by the regular Medical Faculty and the people It is excellent for indigestion and flatulent colic, sedative, soporific, tonic, slightly aperient without nausea.

Rev. B. F. Woodward P. E., Na. Conf. About twelve years I suffered from Dyspepsia. Failing in with this remedy, I gave it a fair trial. After its use I could eat anything with impunity. I am sure I am indebted to this medicine for what of health and physical comfort I have had for the last sixteen years. I have known many since to be relieved by its use.

Rev. Robert W. Watts, A. M., Va. I have used the mixture in my family for years, and have taken it for Dyspepsia Colic, which threatened my life, and was cured, eating any diet without hurt. I have recommended it to other sufferers with happiest results. It is the best tonic and corrective I ever knew. For prostration from Dyspepsia or Liver Disease it is invaluable.

J. D. Eggleston, M. D., Va.
It is a highly valuable remedy, and is more extensively used than any single article in the whole list of medicines, so far as I observed in my practice, for all the complaints in families from indigestion. I use it and recommend it.

Editor Richmond Christian Advocate. This remedy is of tried virtue. I have seen Dyspepsia cured completely by it. It seems
